Panhandle Pets with a Purpose, 01/2009

TO BENEFIT THE HUMANE SOCIETY, The Portrait Studio

Our studio implemented this project to raise food, awareness and funds for shelter animals. We invited pet owners to bring their animals in and receive pet portraits upon a donation of a bag of dog or cat food to shelter animals. This was the first project I created, marketed and carried out on my own.

Art of Adoption, 11/2008

TO BENEFIT HEART GALLERY W/ FAMILIES FIRST NETWORK, Independent Work

This project required me to meet with Families First Network to pair me with a young orphan child. I met with the child and photographed her. There was then an event where all the photographs from different photographers of different orphan children were shared in hopes to inspire adoptions. This was a great and touching experience.
